**MIAMI-DADE COUNTY, FLORIDA  
NOTICE TO PROFESSIONAL CONSULTANTS  
PUBLIC WORKS AND WASTE MANAGEMENT DEPARTMENT  
MISCELLANEOUS PROFESSIONAL SERVICES AGREEMENTS TO PROVIDE MATERIALS  
TESTING/ CONSULTING/ TRAINING SERVICES  
PROJECT NO. E15-PWWM-09**

The County Mayor, Miami-Dade County, pursuant to Florida Statutes, Chapter 287.055, Sections 2-8.1 and 2-10.4 of the Miami-Dade County Code, Implementing Order 3-34, and Administrative Order 3-39, announces that the Miami-Dade County's Public Works and Waste Management Department (PWWM) requires professional engineering services to provide Materials Testing, Consulting and Training Services, on an as-needed basis for Miami-Dade County departments, which include: Aviation, Water and Sewer, Internal Services, Regulatory and Economic Resources, Public Housing and Community Development, Parks, Recreation and Open Spaces and Seaport.

The Departments will utilize the Materials Testing / Consulting / Training Services, which will be assigned on a rotational basis. The position of each consultant is determined by the amount of money awarded County-wide to each firm during the previous three (3) years. Thereafter, the position on the rotation is determined by adding the amount awarded for each rotation to the starting amount for each selected consultant.

The number of agreements awarded will be determined by the number of qualified proposers who submit a valid proposal for this project. The highest final ranked firm(s) will be selected and forwarded to the County Mayor for approval to negotiate and award. The term of each contract is for a three (3) year effective term. The Contract has no minimum or maximum value. Contract amount will be based on service orders and funds will be derived from project specific funding sources. The County reserves the right to re-use the work products of the retained consultant and to retain other consultants to provide the same or similar services at its sole discretion.

The firms providing these services must be certified in the following technical categories and the respective percentages of the disciplines as indicated below:
